

Temporary Part-Time Spanish Pastor

Cypress Lake Presbyterian Church | Fort Myers, Florida

The Spanish-speaking ministry of Cypress Lake Presbyterian Church (CLPC) began in 2013. As we prepare to begin the search for a full-time installed Associate Pastor, we seek a transitional pastor who can provide preaching, Christian education, visitations, and representation of the Spanish ministry to the entire congregation.

CLPC has a membership of 270. The Spanish ministry has roughly thirty attendees each week from a rotating group of around fifty core members, almost a third of whom are children.

This pastor will serve for an indefinite period of time while a visioning study and pastoral search are completed. Even though they will serve during a time of transition, they are not expected to provide typical interim services, but rather to perform the basic duties of the pulpit and nurture the ministry as it grows.

The Spanish ministry is an intimate community united by faith and family, and prioritizes community and worship. Our temporary stated supply pastor is someone who can serve diligently and devotedly in ensuring the spiritual care of this congregation, as well as ensuring its sense of community can still be maintained during the transition time.

Since this is a stated supply position, the person selected for this position may also be considered for the full-time installed pastor position at the discretion of the search committee.

The position description is below, and more information is available upon request.
